Acceptance of Custody
Infinite Chemical Analysis Labs Rep.

By Signing, I verify the information on this form is true and correct and acknowledge that the required sample size has been provided. All samples are subject to be destroyed after 45 business days after analysis unless otherwise requested.

Release of Custody:

Client Signature

Standard Cannabinoid – delta-9-THC, THCA, CBD, CBDA, CBN, CBG, and CBGA
 Expanded Cannabinoid – Standard + THCV, delta-8-THC, CBC, CBDV
 Homogeneity - +/-10% of reported value
 Foreign Materials – visual inspection for any material that may be harmful to the consumer
 Water Activity— Measurement of partial vapor pressure of water in the samples
 Microbial Other Than Inhalable – E. coli, Salmonella
 Microbial Inhalable – Other + A. fumigatus, A. Flavus, A. niger, A. terreus
 Category 1 & 2 Pesticide – Category 1 + Category 1 (66)
 Terpenes – Common terpenes found in cannabis
 Category 1 & 2 Residual Solvents – Category 1 + Category 2 Solvents
 Heavy Metals— Cadmium, Lead, Arsenic, Mercury
